# Notebook Documentation

Karlie Kroening, Kelsie Kroening, Aubri Waswo
Big Foot High School
2023-2024

Running the application

This mobile application was developed in Flutter using Visual Studio Code. Our app can be downloaded and run across all Android and IOS devices by using the Google Play Store application or the Apple App Store application.
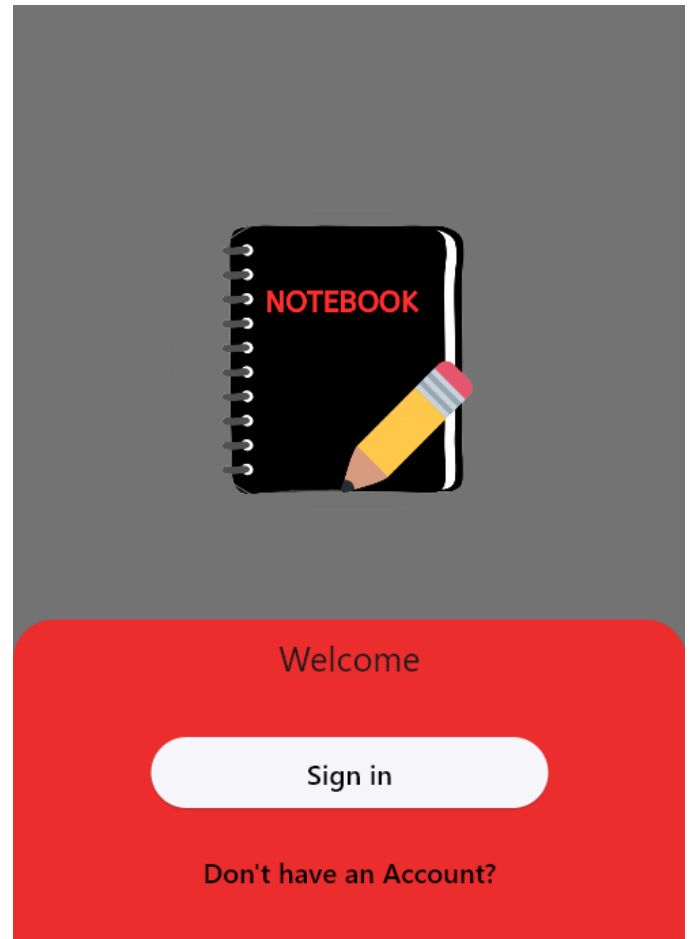

Planning Process

- We began our planning process by researching the requirements and prompt for this year's Mobile Application Development event.
- We conducted surveys with students in our high school to determine features that they would want to see in an app that showcases their portfolio.

Screen Shots

Welcome Page

When the user launches Notebook, this will be the first page that they are prompted with. This initial page showcases the app name, logo, and slogan. The user has the option to login to a previously made account or create a new account.

Create Account Page

- On the create account page, users are required to enter a Email and password.
- Once entering the information, users can click the "Sign Up" button to create their account.

Let's create an account for you

Or continue with

Login Page

If users already have an account, they can go to the "Sign In" page, where they will be asked to enter their Email and password. Once entering their information, they can click "Sign In" to open the home page

Home Page

- The home page of

Notebook is where users will find four classes of the years that you are in school. For example there is a button for freshman year.

- The home page also features a button in the top right corner that allows the user to open settings.

Settings page

- The settings page is

where you will find the button to open the copyright statement for our app.

- The settings page also has a report bug function where the user can send to the developer if there are issues with the app.
- Located in the right corner is also a logout button that allows the user to logout and return back to the login page.

Freshman Page

On the freshman page and

← Freshman Year

Academic Achievements   Clubs and Organizations

the other year pages is where
you have your 6 different topics
to put your artifacts. Those sections are Academic Achievements,
Athletic Participation, Performing
Arts, Clubs and Organizations, Community Service, and Honors
Classes.

Academic Achievement Page

On your academic achievement
page is where you can store
 your achievements that you
earn that relate to school. For
example being on high honor

roll and then you can enter a description.

Athletic Participation Page

On the Athletic Participation page is where you can store all the sports you've been a part of and information about

Sport	Position	Description
Volleyball	Outside Hitter	Advanced my skills and made lots of friends.

that. For example, you can play volleyball, play outside hitter, and advance your skills.

Performing Arts Page

On the Performing Arts page is where you can enter if you were in any plays or musicals during the year. For example

Name	Description
School musical Mama Mia	Played the role of Sophie.

Performing Arts

you can put Mama Mia as the name and description of that you played the role of Sophia.

Clubs and Organizations Page

On the Clubs and Organizations page is where you can enter different clubs or organizations you were a part of that year. For example you can say you

Name	Position	Description
Student Council	Public Relations	Got to take lots of photos of all the different events and post them to social media.

were in the student council and you were the public relation person. The description you could put would be that you got to take lots of photos of different events and post them to social media.
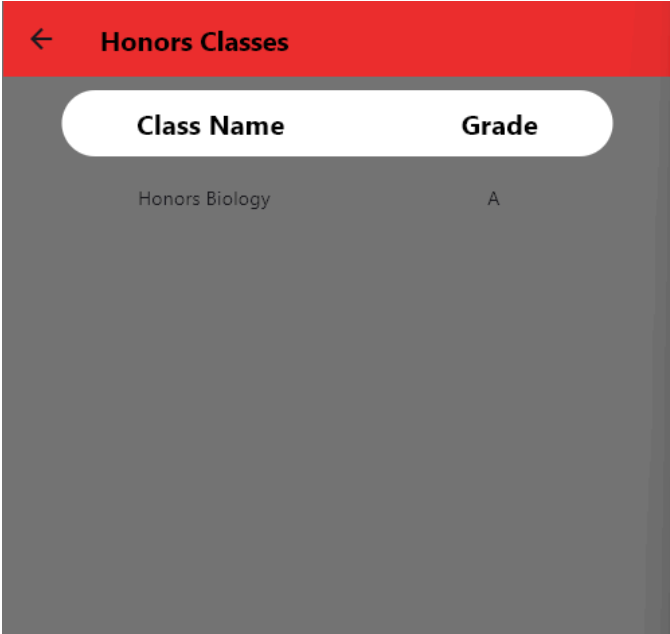

Community Service Page

On the Community Service page is where you can enter all the community service events that you did and have them all in one place. You can enter the

Date	Organization	Description	Hours
5/5/2023	Highway clean up for Student Council	Picked up trash along the highway.	2 hours

date, the organization you did the community service through, the description, and the hours that
you did the service.

Honors Classes Page

On the Honors Classes page is where you can enter any class that is classified as being honors or a college level class. For example you can enter honors biology and the grade

Honors Classes

Class Name	Grade
Honors Biology	A

that you achieved at the end
of the year which could be A.
